production referred to by the officer in charge of Ethnographic Survey; but it is stated in G.O. No 16491-500-Mis 2539 dated 22 May 1903 that "all printing work that may be required to be done in connection with this investigation will be undertaken by the Superintendent, Govt Press, who will promptly attend to the requisitions for this purpose" (para 4)

9. The book appears to be a bulky one. It is estimated to cost above Rs 10,000. But it is very likely that the actual cost will exceed this sum as the price of paper is going up very fast.

10. It is not a very convenient arrangement to send the manuscripts to England under the present war conditions.

11. May the question of printing the book be taken up for consideration after the war is over.

From

The Officer in charge of Ethnographic Survey in Mysore, Bangalore.

To

The Secretary to the Government
of His Highness the Maharaja of Mysore,
General Department, Bangalore.

Sir,

In forwarding herewith copies of certain letters concerning the printing of the book on Ethnography, I have the honour to request that the final orders of Government may be procured very early as to the place where the work has to be done. According to a standing order, the Government Press is bound to do the work, and on the whole, it is the best and most convenient course to print the final edition there.

If printed in England, much time will be lost in the passage of proofs and Kannada, Telugu, and Tamil words cannot be printed in those types. If Government can see their way to direct the Superintendent to do the work in ordinary course and not relegate it to the backward class of items altogether, it may be taken up here at once. Much of the matter is quite ready with illustrations and the work can proceed without a break. If this is not possible, I request that Government may approve of the work being entrusted to Messrs Macmillan & Co, England at the terms contained in their letter dated 13 th December 1916.

I have the honour to be,

Sir,

Your most obedient servant,

H. Mangundayya

Officer in charge of Ethnographic Survey

Copy of the letter dated the 12th January 1917 from theSuperintendent Government Press,Bangalore,to the Officer in charge of Ethnographic Survey in Mysore.

"I am in receipt of your letter re the Ethnographic - printing, and its enclosure from Messrs Macmillan & Co,Ld.,London which I return herewith.

There are considerable difficulties in the way of printing your work,whether it be done here or in London. If it be done here,it will take many months,partly because of the magnitude of the work,and our inability to cope with it promptly,and alsobecause of the paper difficulties (See enclosed letter). Furthermore,thetotal cost will be very considerable,and I have felt it necessary to write to Government upon this point.

Copy of the letter is marked A

If you get it done in London,it will probably be done more promptly and satisfactorily. There is,of course,the question of the time occupied in transmitting proofs. But even - then,the work would be done quicker than we could do it here.As - matters stand at present,in the Press,it seems quite impossible - for us to undertake the work,unless the question of time is entire -ly waived."

Copy of the letter dated the 13th December 1916 from Messrs Macmillan & Co,London, to theOfficer in charge of Ethnographic Survey in Mysore.

"We are in receipt of your letter of November 15 and-- also of the copies of four pamphlets showing the kind of material which will be used for your book on the Ethnology of Mysore. We - understand that this will make a book of two volumes of the size of "The Tribes and Castes of theCentral Provinces of India" --- which we published for the Government of the Central Provinces. - We also note that the blocks for about one hundred full-page illustrations will be supplied as ready. We should have difficulty in providing the Kanarese and would much prefer that only the--- English transliteration should be employed throughout.

mail enclosed

With regard to terms,we enclose a formal agreement on what are called commission terms,that is say,terms under which - the Government of Mysore would make itself responsible for the - entire outlay, If you will kindly place the agreement before the Government,or send us an agreement embodying the terms,we shall be happy to undertake the work. We should probably have to ask - the Government to advance a certain sum to pay for the printing - as the work proceeded.

We should propose to print the book in the same type - and form as Mr.Russell's book to which you refer,and which we--- venture to think could hardly be improved upon. You no doubt --- would not expect any large sale for the book,but would give us - instructions with regard to newspapers to which copies shouldbe sent for review, and also private individuals andothers to whom you wished presentation copies to be sent."

Copy of the letter dated 10th January 1917, from the Manager of John Dickenson & Co.Ltd., Madras to the Superintendent, Government Press, Bangalore.

With reference to your letter No.1508 of the 3rd instant, we have now received a reply to our cable to our Head - Office with regard to the/300 Reams of Royal Featherweight paper you require and our friends quote for Royal 45 lbs at 0-8-1 per - lb free Bangalore. This quotation is subject to the War clause as per rubber stamp impressed below.

We do not think it probable that there will be any --- alteration in the actual price of the paper provided the order is immediately cabled but the incidental expenses are very liable to fluctuate. The price we have quoted you is based on thecurrent -- rate of freight , war risk insurance,&c.,.

Should these increase before shipment is made, we ---- should have to charge you the extras.

Our friends also advise us that they anticipate being - able to effect shipment early in February but, of course,in this case also no guarantees can be entered into.

War clause.

Owing to the ever increasing difficulty in forecasting - the conditions likely to prevail in the manufacturing world in - the immediate future, all list pricesestimates and orders accepted, are subject to revision and cancellation at any time, should the state of materials market labor condiptions, interruptions in traffic, or any other circumstances render this action necessary."
